

DIRECTIONS

1. Students can work individually or in pairs.
2. Students will create clues that they will give their classmates.
3. Once they have created clues for each given item, they can partner up so they can guess each other's clues.

DIGITAL INSTRUCTIONS

Students will fill out the information on Google slides. The link to the activity can be found on the file titled digital links. It will prompt you to make a copy; you can then assign it to your students.

Name:

--CREATE THE CLUES--

Create clues to help your classmate guess the item. Your clues should include synonyms, antonyms, examples or definitions.

EXAMPLE:

My Favorite Drink: Pepsi

Clues to help guess the item: dark drink, similar to coke, but people are very passionate it is not coke.

Item #1-School Supply:

Clue to help guess the item:

Item #2- Childhood Toy:

Clues to help guess the item:
